

# Central Nine Adult Education Certificate Training Programs = FREE

**WorkINdiana or Central Nine’s Integrated Education & Training (IET)** program offer **FREE** short-term training (14 weeks or less) to students enrolled in Adult Basic Education classes. Upon completion of the course and passing the certification exam, students earn an industry-recognized career certificate for jobs in demand with a high wage.

Students may take a training course while working on earning their High School Equivalency (HSE) diploma. The WorkINdiana program allows students to enroll for up to 1 year after obtaining their HSE.

WorkINdiana certificate training programs require certain TABE scores in Reading and Math. Talk to a Career Coach about scores needed and other steps required to enroll.
